Infor Distribution FACTS
FACTS 9.3.0 Documentation Library

The FACTS 9.3.0 Documentation Library contains user manuals that can be viewed on-screen with Adobe Acrobat Reader. If you do not already have a copy of Acrobat Reader on your system, install it now. You can print this documentation as needed.

To access any of the FACTS manuals, click one of the bookmarks at the left. This accesses the manual for the module you specify. From there, click any of the bookmarks to open a chapter or specific topic in the manual. You can also directly open one of the PDF documents by double-clicking the .pdf file from Windows Explorer.

Navigating the manuals: When you open a document in Acrobat Reader, bookmarks appear in panel on the left. These are essentially chapter headings and subheadings. If you are new to the Library, browsing bookmarks may be the best way to acquaint yourself with the information that is available.

Navigation Tips: You can press the F5 key to hide or display bookmarks. To view information, use the arrows on the toolbar to turn the pages in a document and the buttons to retrace your path within the FACTS Documentation library. You can use the commands under the *View* menu or the (page) icons on the toolbar to resize the page display.

Additional help: For additional information on using Adobe Acrobat's search feature on any other Acrobat features, you can access the Acrobat Reader Guide. In Acrobat Reader, select *Help>Reader Guide.*
